Objectives

I am a senior, on a quest to be my best! My main focus is creating opportunities to reach my goals of breaking into the top 10 at the state-level golf tournament, surpassing my goal of running a 5k in under 22 minutes, and getting all A's in school. These goals may seem daunting, but I set intermediate goals such as practicing specific golf skills every week, participating in summer conditioning for cross country, and following a calendar I made to continue my studies.

Academic and Sports Achievements

Eighth Grade:

- 2021 Heritage Outstanding Academic Achievement
- President's Education Award for Outstanding Academic Excellence.
